Consistent with its function and the nature of its incarcerated population and programs, each facility shall develop its own visiting Procedure within the limits and guidelines of this Policy. (ACRS-2A-02)

- A. Facility address/phone number, directions to the facility and information about local transportation (ACI-7D-22)
- B. Days and hours of visitation
- C. Approved dress code and identification requirements for visitors

Nebraska Administrative Code, Title 68, (NDCS Inmate Rulebook) Chapter 4 contains visiting rules and procedures and shall be issued to each incarcerated individual and team member. Chapter 4 shall be translated into those languages spoken by significant numbers of the incarcerated population. Signed acknowledgement of receipt of the rulebook shall be maintained in the individual's file. When a literacy or language problem prevents an individual from understanding the rulebook, a team member or translator shall assist the individual in understanding the rules.

III. VISITING REGULATIONS

A. Visitation Applications

No visitors will be permitted to visit prior to submittal of the authorized visiting forms and approval by the warden/designee. False or incomplete information on this form will result in a denial of visiting privileges. (ACRS-5A-17)

C. Limitations

1. Number/Space

NDCS Policy and facility Procedures will provide the number of visitors an incarcerated individual may receive and the length of visits. This may be limited only by the facility’s schedule, space, and personnel constraints, or when there are substantial reasons to justify such limitations. (ACI-7D-14)

There is no limit to the number of visitors an incarcerated individual may have on their authorized visiting list, however all visitors must be approved by the

warden/designee for visiting. Specific visiting policies limiting visitation are as follows:

- a. Visitors will not be authorized to be on the visiting list of more than one incarcerated individual housed within the NDCS. Three exceptions to this policy are as follows:
 - 1) An “immediate family” member may be granted permission to be placed on more than one individual’s visiting list if one person involved is a member of the individual’s immediate family.
 - 2) Credentialed news media representatives may be allowed on more than one individual’s visiting list at any time.
 - 3) Credentialed clergy visitors are authorized to be on more than one individual’s visiting list at any time.
- b. No more than four adults may visit an individual during any one visiting period.
- c. Visitors who leave the facility will not be permitted to resume their visiting privilege for that session.
- d. Visiting limitations may be imposed by the facility due to scheduling, space and personnel constraints.
- e. For the purpose of visiting, immediate family shall be defined as: spouse, parent, step-parent, person acting in place of parent (as documented in the master record), sibling, step-brother, step-sister, half-brother, half-sister, child, step-child, grandparent and grandchild.

2. Age Requirements

- a. Persons 19 years of age and older:
 - 1) Must complete and submit an individual *Visitation Request Form* (Attachment A) (VRF) to the warden/designee
 - 2) May visit without parent or guardian.
- b. Persons 18 years of age and younger:
 - 1) Must each have a completed VRF submitted to warden/designee.
 - 2) Must be accompanied on visit by parent, legal guardian or court appointed agent or other authorized adult (age 19 or above).
 - 3) Must submit notarized permission letter from parent, guardian or court appointed agent to visit in company with another authorized adult.
 - 4) Parent, legal guardian, court appointed agent or another authorized adult who accompanies said minor must also be on the

individual's approved visiting list. (Except those individuals who are authorized as a part of their employment to accompany minors on visits are not required to be on a particular individual's visiting list. Such individuals are required to submit a VRF).

- 5) Minors age 18 and younger must have a birth certificate to present to the visiting team members during their first visit.
- 6) All minors age 16 and older must also present a picture ID to the visiting team members on all visits.

Minors who are married do not need parental or legal guardian consent to visit their spouse, but must be approved visitors via the VRF process. They also will be required to present a copy of their marriage license along with the VRF.

3. Criminal Records

Persons with criminal records are not automatically excluded from visiting. In determining whether or not to approve a person with a criminal record, the nature and extent of that person's total criminal record, plus their history of recent criminal activity is weighed carefully against the benefits of visitation. The warden/designee shall retain final authority to review, assess and approve/deny applications to visit. Appeals of denials to visit must be submitted in writing to the warden.

Failure to list previous criminal convictions on the VRF can result in denial of visiting privileges.

- a. Generally, parolees, probationers or persons having pending charges will not be granted permission to visit during service of sentence and persons with a felony conviction will not be granted permission to visit for three years after expiration of sentence, except for immediate family who may be considered at the end of one year. Persons with a misdemeanor conviction will not be granted permission to visit for six months after expiration of sentence. Immediate family may be considered after three months.
- b. An exception may be made for a spouse/immediate family member who may be allowed to visit once a month with approval from the warden. It will be the responsibility of the spouse/immediate family member seeking visiting privileges while on probation/parole to provide, with the VRF, a letter from the supervising probation/parole officer recommending either approval or denial of visiting privileges.
- c. Immediate family members having pending misdemeanor/felony charges may be considered for monthly visits at the discretion of the warden pending resolution of the charges.
- d. Following the release of an incarcerated individual on parole, when an individual is placed on escape status or bond, the facility's records office will stamp all current visitor application forms in the classification file "Deleted". The records office will also delete these previously approved

visitor names from any computer records of approved visitors for this individual.

- e. An NCIC (National Crime Information Center) computer check to verify visitor identity and to ensure the accuracy of VRF information will be done on all visit applicants submitting a VRF (both adults and minors from age 8 and up). The social security number will be used solely for the purpose of running an NCIC computer check.
 - f. The warden must review and approve or deny all Visitor Request Forms (VRF) submitted by the victim of a violent offense when that offense is committed by the individual being visited, if such information is known to facility team members. Generally, the victim of a violent offense will not be granted permission to visit. Exceptions may be made with a spouse/adult immediate family member, who may be allowed to visit once a month with approval from the warden.
4. Former NDCS team members/current NDCS team members
- a. Generally, former NDCS team members will not be granted permission to visit except with immediate family members. All Visiting Request Forms received from former NDCS team members must be submitted to the warden for review. The warden may deny the visitation request based on safety/security concerns specific to the individual requesting to visit. If the warden is not aware of any safety/security concerns specific to the individual requesting to visit, a recommended disposition shall be submitted to the NDCS director/designee for final approval. The NDCS director/designee may deny the visitation request based on safety/security concerns specific to the individual requesting to visit.
 - b. For instances where the former NDCS team member is attempting to visit an incarcerated individual who is not an immediate family member the following will be considered:
 - 1) The nature of the former NDCS team members relationship to the individual
 - 2) The length of time the visitor has known the individual
 - 3) Circumstances or reasons for employment separation including eligibility for re-hire, intelligence reports, investigations, and violations of work rules during employment
 - 4) Any investigation or intelligence information received after employment separation.
 - c. Generally, current NDCS team members will not be approved to visit except for immediate family. Team members must make a written request to the warden of the facility where the individual is incarcerated to be considered, as well as to the facility warden where the team member is assigned.

IV. SPECIAL, EXTENDED, AND EMERGENCY VISITS

All visitors must be authorized by the facility's warden/designee, see *Special/Extended/Emergency Visit Request* (Attachment B)

A. Special Visits (ACI-7D-17, ACRS-5A-18)

1. A special visit may be requested by an incarcerated individual for professionals not on the individual's approved visiting list, to include prospective employers, attorneys, members of the clergy, and social service representatives. Special visits must not interfere with counts, security measures or emergencies and must take place during regular business hours or normal visiting hours. All special visit requests are subject to the approval of the warden; denials shall be based on safety/security concerns specific to the individual requesting to visit.
2. A special visit may be requested by the Department of Health and Human Services (DHHS) team members for court ordered agency supervised visits. In these instances, DHHS officials must provide NDCS a copy of the court order, the name of the DHHS team member or contract service provider assigned to supervise the visit, the name(s) and age(s) of the child(ren) who will be visiting and the requested date/time for the court ordered visit. The Special Visit form will then be completed by a designated NDCS team member for approval by the warden/designee. These special visits will normally take place during normal visiting hours; however, so as not to unreasonably deny the special visit, DHHS team member/contract provider schedules may necessitate these visits occur outside of the normal visiting hours but within normal business hours. When facilitating court ordered visits, it is not necessary for the DHHS team member/contract provider or the minor children to complete Visitor Request Forms or present a birth certificate. The DHHS team members/contract provider is required to present a DHHS/contracted service provider photo identification card to NDCS at the time of the visit.
3. Special visits are not permitted for family/friends of incarcerated individuals in advance of or in lieu of obtaining approval to visit through the established Visiting Request Form process. Family/Friends of the individual must be on the individual's approved visiting list before they are permitted to visit.

B. Extended Visits (ACI-7D-19)

An extended visit may be requested by an incarcerated individual for approved visitors who visit infrequently (less than one visit per month) because of long distance (more than 200 miles from the facility). Extended visits must not interfere with counts, security measures or emergencies and must take place during regular business hours or normal visiting hours. Extended visits and visiting hours are subject to the approval of the warden; denials shall be based on safety/security concerns specific to the individual extended visit request.

C. Emergency Visits

An emergency visit may be considered for instances of a verifiable death or critical illness to an incarcerated individual's immediate family and may include a visit during non-visiting hours and/or extended visits during regular visiting hours. Emergency visits are subject to the approval of the warden; denials shall be based on safety/security concerns specific to the individual emergency visit request. (ACI-7D-18)

In cases of a verifiable death of critical illness to an individual's immediate family, the individual shall be notified as soon as possible, see *Incarcerated Individual Immediate Family Medical Notification Form* (Attachment C). (ACI-7D-18)

D. Community Custody Incarcerated individuals and Family Visits

With the approval of both wardens, community custody individuals may be authorized to visit immediate family members incarcerated in other NDCS facilities once every three months.

E. Restrictive Housing

Incarcerated individual placement in restrictive housing will affect visiting dates/times/availability. Status of the individual will determine visiting (i.e. contact, video, dates/times). Visits may be denied for security or good order of the facility. Generally, individuals with a restrictive housing classification shall have similar visiting privileges as those afforded to the general population.

F. Victims Who Were Minors

Incarcerated individuals Who Have Committed Crimes in Which Victim(s) Were Minor Aged Children (Under 19 Years of Age)

1. The file of each incarcerated individual shall be reviewed to determine if any record exists meeting the above criteria. Newly committed individual files shall be reviewed by receiving facility team members at the facility in which the individual is housed. If such a record exists, the person reviewing the record will list out the information on *the Incarcerated individual Summary of Crimes Against Minors* form (Attachment D).
2. Once the individual has been identified, the NICaMS for "prior contact with minor" will be updated. This entry will automatically update the NICaMS classification study and the visitor's list databases. In addition, the records office will have a red-inked stamp titled "contact with minor" and will stamp the front cover of the individual file.
3. The warden shall have the authority to impose visiting restrictions on identified individuals on a case-by-case basis. The warden will indicate restrictions on the *Crimes Against Minor-Aged Victims* form (Attachment E). Designated team members will ensure the individual signs and receives a copy of the form. If the no physical contact with minor age children restriction is imposed, additional actions may include restricting these individuals to visiting children/youth at designated times and/or designated authorized areas, excluding visitors under the age of 19 from the individual's approved visiting list, and/or suspension of all visiting privileges until the individual has received treatment intervention. The visits shall be closely monitored by visiting room team members. Any violation of this policy will result in immediate termination of the visit, removal of the individual and the visitor from the visiting area, and the issuance of a misconduct report. Penalties imposed against individuals will be consistent with agency disciplinary procedures. Actions imposed on visitors will be handled administratively by the warden as referenced in the *Entrance/Exit Procedures* (Attachment F). Factors considered in making the above determination may include, but are not limited to, the following considerations:

 - c. Number of prior offense(s).
 - d. Mental health status of minor child and/or individual.
 - e. Age of requested visitor and relationship to individual.

G. Incarcerated Individual to Incarcerated Individual visits

Incarcerated individual to incarcerated individual visits may occur when the following criteria are met:

1. One individual must be on community custody status.
2. The visit request will be initiated by the community custody individual.
3. The individuals must be immediate family as defined by current NDCS guidelines. (See III.B.1.e above)
4. The visit must be approved by each warden/designee.
5. The visit will generally occur during regular visiting hours.
6. The community custody individual must produce their NDCS-issued ID prior to being allowed to visit at a secure facility.
7. The community custody individual will be strip searched upon arrival and upon leaving the secure facility.
8. Visits may be approved once every three months.
9. If the facilities are in the same city or are in different cities, the visit may be done on furlough.
10. If the visit occurs during a furlough, it will be considered one of the individual's four hour daily approved itinerary activities.
 - a. An approved volunteer sponsor will provide transportation.
 - b. The approved volunteer sponsor may also participate in the visit if the sponsor is on the visiting list of the individual to be visited.

	POLICY		
	VISITING

- c. If the approved volunteer sponsor is not on the visiting list, they will be required to stay at the facility during the visit.

H. Holidays

When facility operational schedules and facility staffing allows, visits will be allowed on Thanksgiving Day, Christmas Day, and New Year's Day, regardless of the days upon which the holiday falls. All other holidays will be treated as any other day relative to whether or not visits are allowed. If these other holidays fall on regular visit days, then visits will be allowed, but if they are on non-visit days, then no visits will be allowed.

Notice of facility-specific visit schedules for Thanksgiving Day, Christmas Day, and New Year's Day will be posted on the NDCS website a minimum of two weeks prior to the holiday.

If a facility is on a modified operational schedule that does not allow for individual movement on whatever day Thanksgiving Day, Christmas Day, and New Year's Day falls, visits will not be allowed on these days.

V. VISITOR DELETIONS

Any incarcerated individual may request that one or more persons listed on their approved visiting list be deleted from that list by completing a *Deletion Request* Form. (Attachment G) The deleted visitors' name(s) will not be placed on another individual's approved visiting list for six months. The deleted visitor's name(s) also will not be reinstated on an individual's visiting list for six months (if the visitor's name was previously removed at that individual's direction).

A visitor may request deletion by submitting the request in writing to the warden/designee. Such visitor requested deletions require the visitor to wait six months before they may be placed on another individual's list. The six-month waiting period will also apply to clergy status visitors, however, the warden may waive the six-month waiting period at the recommendation of the religious coordinator. In the event that the individual requesting deletion has not visited for a period of at least six months, the warden may waive the six-month waiting period to be added to another individual's visiting list.

VI. VISITOR RESPONSIBILITY, CONDUCT AND BEHAVIOR

- A. Each visitor must verify their identity. Visitors must register upon entry into the facility and may be subject to a search of persons and belongings as specified by written procedure, to include canine searches, prior to entrance. It is the responsibility of the visitor and the individual to conduct themselves in a manner that will not bring discredit upon them or be disruptive to other visitors in the area. See *Visiting Restriction Guidelines* (Attachment H). (ACI-7D-21)

1. Visitors, including visitors 13 years of age and older, will be required to undergo a body scan prior to entering the facility at facilities where this technology is available. Visitors 12 years of age and younger will be pat searched accompanied by an approved adult visitor who has completed a body scan.

Requests for an exception to the body scan for medical (including pregnancy) or mobility reasons may be submitted in writing to the facility warden. In these instances, documentation from a medical provider must accompany the request. With justification, the warden may authorize exceptions to the body scanner. Such

exceptions shall be in writing, with a copy to the visitor and at a secured location only accessible to the facility designated body scanner operators.

2. Individuals refusing to cooperate with or complete the body scan will not be permitted to enter the facility. In such cases, visitors may be subject to visiting privilege restrictions or suspension consistent with this Policy.
 3. If contraband is detected during the body scan, the visitor will not be allowed into the facility and, based on the totality of circumstances, law enforcement may be contacted. In such cases, visitors may be subject to visiting privilege restrictions or suspension consistent with this Policy.
- B. Attorneys entering a facility on official business will be required to show a current photo ID along with a valid Bar Card. Attorneys will not be subject to a search of their person; however, the attorney's belongings will be searched. Team members will not read any legal materials during the search of the attorney's belongings. The attorney will pass through the metal detector and will be under escort while in the facility. (ACI-3D-02)
- C. Attorneys are authorized to bring in the following items: digital camera, and laptop or tablet that does not have cellular capability. Attorneys will present these items for inspection, and a notation will be made in the log at the front entrance.
- D. Clergy visits are conducted in accordance with this policy and Policy 208.01 *Religious Services*.
- E. NDCS prohibits all persons from introducing an electronic communication device within an NDCS facility without prior authorization. Electronic communication devices are any device which, in its ordinary and intended use, transmits by electronic means writings, sounds, visual images, or data of any nature to another electronic communication device. (Neb. Rev. Stat. § 28-936)

For the purposes of this Policy, the definition of electronic communication device includes all cellular phones, tablets, or any other similar electronic devices intended to transmit writings, sounds, visual images, or data of any nature to another electronic device. Due to the ever-changing technological advances making it difficult to detect the functionality of transmission in many devices, the definition of electronic communication device shall include all smart-type and fitness-type watches with independent cellular or internet connectivity features.

- F. A person who intentionally introduces within a facility or intentionally provides an incarcerated individual of a facility with any electronic communication device commits an offense for which they may be criminally charged under Neb. Rev. Stat. §28-936.

The following individuals are exempt from prosecution for this offense:

1. An attorney or an attorney's agent visiting an incarcerated individual who is a client of the attorney
2. The Public Counsel or any team member of their office
3. A peace officer acting under their authority

- I. Supervision of Children
- It is the responsibility of the visitor to supervise and maintain control over accompanying children. Neither visitors nor incarcerated individuals are permitted to use corporal punishment on children or others when on NDCS property. If a child becomes disruptive during a visit and is not controlled by verbal direction from the supervising visitor or the individual being visited, the visit may be terminated.
- J. Posted Rules/Team Members Instructions
- Visitors and incarcerated individuals must obey team members instructions and posted rules and regulations.
- K. Physical Contact
1. Facilities shall permit informal communications including the opportunity for limited physical contact. Devices that preclude physical contact shall not be used except instances of substantial security risk or as a sanction through the incarcerated individual disciplinary process. (ACI-7D-16)
 2. Visitors and incarcerated individuals must accept responsibility to behave in a mature, responsible manner and be respectful of the rights of others visiting.

3. Physical contact between visitors and incarcerated individuals is limited to a brief kiss and a short embrace at the beginning and end of the visit. Caressing is prohibited. Individuals on “No Contact” status with a minor will have no contact at any time with a minor, including at the beginning and end of visitation.
4. No materials such as blankets, cloth, etc., may be used as a lap cover, draped over tables, benches or chairs in the visiting area.
5. Visitors and incarcerated individuals will not be allowed to sit on each other’s laps or straddle chairs, benches, etc. Incarcerated individuals may be permitted to hold children, age five and under, during visits. No other exceptions to this provision shall be made.

L. Visit Area

At the conclusion of the visit, incarcerated individuals and visitors share a responsibility for cleaning up the immediate area which was used for their visit.

VII. VISITATION RESTRICTION/SUSPENSION

A. Visit Restriction

It is the policy of NDCS to encourage visits between members of the community and individuals as a means of promoting the rehabilitation process. However, individuals and visitors share a responsibility with the department for proper conduct during the visiting process. Some actions which may result in either temporary or permanent visiting restrictions are: (See *Visiting Restriction Guidelines* (Attachment H) for specific restriction time periods.)

1. Improper incarcerated individual or visitor conduct during the visiting process.
2. Disruptive behavior.
3. Introduction of contraband into the facility or taking unauthorized items or property from the facility (criminal prosecution possible).
4. Drinking of alcohol/use of illegal drugs or being under the influence of alcohol/illegal drugs.
5. Refusal to submit to a search of any type. (Types of searches may include canine, pat search, body scanner, or other searches as indicated/approved.)
6. Violation of any posted visiting rules and regulations or failure to follow team members instructions.
7. Leaving the visiting area and proceeding into an unauthorized area.
8. Doing anything that jeopardizes the safety and good order of the facility.
9. False or incomplete information on VRF or visiting or attempting to visit under a false identification.

10. Physical contact with a minor by an incarcerated individual on “No Contact” status with minors.

11. Poor sanitation and hygiene of visitor.

B. Visit Suspension

The facility warden may suspend the visiting privileges of the visitor. Suspensions shall be in accordance with NDCS *Visiting Restriction Guidelines* (Attachment H). Based on the severity of the incident, the warden has the discretion to suspend visitation on the first offense for all rules violated (attached exclusions may range from denial of visiting for the day, suspension of visiting for a specified period, or indefinite removal from the approved visiting list). A violation that poses a significant risk to security or injury to another person can result in an immediate and indefinite restriction. Indefinite removal shall only occur with the written approval of the warden. Visiting suspensions shall occur by stating that fact in a letter to the person and citing the reasons for it.

The statement of reasons may be deleted if it would jeopardize the security of the facility or the safety of an individual. The individual involved will also receive a copy of the letter.

In that same letter to the visitor, the warden will also specify the length of time that the suspension is to last (i.e., whether indefinitely or for a specified period of time). In the case of an indefinite suspension, the letter will include a date when that visitor may resubmit an application for visiting privileges. Visitors that are suspended from visiting at one NDCS facility are suspended from visiting at all NDCS facilities. Exceptions may be considered by the warden if immediate family members are involved.

Any individual aggrieved by the removal from their visiting list of one or more of the approved visitors from their visiting list may appeal such action through the regular grievance procedure.

C. Modification

The warden may modify the condition of the visit based on results of any part of the search procedures. For example, a positive indication from a canine search. Additionally, behavior on the part of the incarcerated individual or the visitor may require a modification.

VIII. VISITING ATTIRE

A. Visitor Attire

When visiting this department's correctional facilities, casual attire is appropriate. However, clothing should not be distracting or offensive to incarcerated individuals or to other visitors and must be in good repair.
