Introduction of PREA

The Prison Rape Elimination Act was signed into law in 2003. PREA was the first law of its kind addressing prison sexual abuse. The final standards were signed in May 2012 and became effective in August 2012. There are 43 standards for adult prison/jails and 41 standards for the community confinement facilities. Every three years all facilities are required to be audited. The standards address such issues as prevention, detection and response.

NDCS has a zero-tolerance policy regarding sexual assault, sexual abuse and sexual harassment of inmates and staff within our 10 facilities. Inmates and team members are educated on the reporting, detecting and preventing of sexual assault, sexual abuse, and sexual harassment. NDCS team members have an obligation to report all incidents.

Inmates are offered several ways in which to report the allegations of sexual assault, sexual abuse or sexual harassment. They are able to report directly to any team member, make a call to the PREA hotline, write a letter, submit an Inmate Interview Request form, file a grievance, tell a trusted third party such as a family member or friend. Inmates are also able to have family members or friends report incidents on the NDCS website.

Nebraska Department of Correctional Services requires that all inmates who enter the system go through an orientation with in their initial 30 days of arrival. Team members, volunteers and contractors receive information and training on the departments zero tolerance policy and how to prevent, detect and respond to allegations of sexual assault, sexual abuse, sexual harassment or retaliation for reporting incidents during Pre-service training.

Each year all staff members are required to attend in-service training in which they receive refresher training and updates relative to PREA.

Assessment of NDCS's Progress

NDCS will continue to work towards remaining PREA compliant. The PREA Coordinator continues to meet quarterly with the 9 facility PREA Compliance Managers. Information regarding PREA has been made available on the NDCS website.

NDCS continues to actively participate in the audit process. During 2021 NDCS was in contract with DX Consultants LLC from Florida. The 3-year PREA audit cycle began August 20, 2019. 4 audits were completed in 2020. 3 audits were completed for 2021 and 3 audits are scheduled for 2022 completing the 3-year audit cycle.

NDCS continues to maintain a zero-tolerance standard for all forms of sexual assault, sexual abuse, sexual harassment and retaliation for reporting such incidents. The department continues to provide training and information to staff and inmates in an attempt to prevent, detect and respond to all allegations of sexual assault, sexual abuse, sexual harassment and retaliation.

INVESTIGATIONS

Victim Advocacy

PREA Standard 115.53 / 115.253

The agency shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide inmates with confidential emotional support services related to sexual abuse. The agency shall maintain copies of agreements or documentation showing attempts to enter into such agreements.

Purpose

To provide inmates with access to emotional support services from outside the facility to help inmates heal from trauma. Access to outside support is important because inmates may be reluctant to seek emotional support from within a facility, and some facilities may lack resources to provide counseling services. A victim will most benefit from a trained support person who can provide a safe environment for discussing issues related to abuse confidentially. Although external emotional support service providers are different than the external reporting entity required by 115.51(b), they can assist an inmate to decide how and whether to report abuse to a facility, and to understand what to expect in an investigation. These providers can also help an inmate to become emotionally ready to make a report, which can enhance safety overall in a facility. Note that the 115.53 external support provider is intended to deal exclusively with the inmate and should not be expected to forward abuse reports to a facility.

- NDCS entered into a MOU with the Nebraska Coalition to End Sexual and Domestic Violence in April 2016. The MOU ended in April 2021.
- NDCS entered into a MOU with the Women's Center for Advancement in July 2021.
